Career Objective

Experienced NetSuite Technical Consultant with 3+ years of expertise in SuiteScript, SuiteBuilder, SuiteFlow, SuiteTalk, and system integrations. Seeking a dynamic role to design and implement scalable, high-impact NetSuite solutions that streamline business operations and drive efficiency.

Key Achievements

- Led end-to-end integration of Checkfront Booking System with NetSuite, synchronizing real-time data for 500+ daily bookings.
- Developed 25+ SuiteScripts (Client/Server).
- Designed and Resolved 10+ SuiteFlow workflows.
- Built 15+ custom records, fields, and dashboards via SuiteBuilder.
- Created Advanced PDF templates.

Education

- **BSc. Computer and Information Science**
Helwan University (2012 – 2016)
 - Graduation Project: Built a QR-based e-commerce platform using PHP backend and Android app for product scanning (Grade: Excellent)
- **9-Month Diploma, Open Source Application Development**
Information Technology Institute (ITI), Nasr City (Oct 2019 – Jul 2020)

Certifications

- Big Data Specialist with IBM BigInsights V2.1 | 2020
